

## Fox On The Run

*Chorus:*

**D**                    **A**                    **Em**                    **G**  
She walks through the corn leading down to the river,

**Em**                    **A**                    **G**                    **D**  
Her hair shone like gold in the hot morning sun.

**D**                    **A**                    **Em**                    **G**  
She took all the love that a poor boy could give her,

**Em**                    **A**                    **G**                    **D**  
And left me to die like a fox on the run.

**G**                    **G**                    **G**                    **G**                    **D**  
Like a fox, like a fox, like a fox, like a fox, on the run.

**G**                    **D**                    **A**                    **D**  
Now everybody knows the reason for the fall,

**G**                    **D**                    **A**  
When woman tempted man down in paradise of God.

**G**                    **D**                    **A**                    **D**  
Now women tempted me and took me for a ride,

**G**                    **D**                    **A**                    **D**  
And like a lonely fox, I need a place to hide.

*Chorus*

Now pour a glass of wine to fortify your soul.  
We'll talk about the world and the friends we used to know.  
Well, I see a stream of girls, who'll put me on the floor.  
The game is nearly over, the hounds are at my door.

*Chorus*
