Softly Come Morning

Lyrics: Jeff Trefftzs – 2007 Air: Callino Casturame

Dear companion, we now must part -
Dm Am G
Life was good, but your time is done -
C
Farewell my dearest one,
G
Long time my nearest one-
C G C G C
Softly come morning, come gentle the sun.

Once you greeted me at the door
Life was good, but your time is done -
Sad to be left alone
Welcome when I came home
Softly come morning, come gentle the sun..

Less than lover, but more than friend
Life was good but your time is done -
Each day you cared for me
Danger you dared for me
Softly come morning, come gentle the sun.

Life's changing seasons you shared with me
Life was good, but your time is done -
Joy and pain we shared
Always I knew you cared
Softly come morning, come gentle the sun.

Now, at last, I must say goodbye
Life was good, but your time is done -
Pass through the longest night
Wake to the morning light
Softly come morning, come gentle the sun.
